

03. Basin Faucet Series

The cornerstone of quality · Creating an extraordinary experience

Strict material selection

Select high-quality stainless steel materials

Exquisite craftsmanship

Dozens of processes Delicate tactile experience

hardcore technology

Antioxidant coating technology

SS Basin Faucet: Geometric aesthetics, sharp and crisp

Inspired by the geometric aesthetics of modern architecture, it combines clean square contours with soft edges. It is not only a bathroom faucet but also a piece of modern sculptural art that adorns the space.

SUS304 316Stainless Steel

Suitable for modern minimalist, industrial, and light luxury styles, sharp and sleek

Dual temperature control

Hot and cold water output modes, attention to detail

Multiple water outlet modes

Built-in high-quality aerator, saves 30% water, says goodbye to splashing

Long-lasting shine

Multi-layer PVD zirconium gold coating process, scratch-resistant and fingerprint-resistant

Multiple choices

Chrome/Rose Gold/Matte Black and other colors available

Single cold water Basin Faucet

Stainless Steel

MODERN & SLEEK

Excellent products are always reflected in the details
Adhering to the concept of paying tribute to bathroom
design, the unique appearance and gun gray finish
mixed with dark gray and blue make its have a sense of
technology and fashion at the same time.
